

## Family To Family learning opportunities are now available

The first F2F information series of five trainings for families and service providers is complete. These sessions were offered throughout Indiana during the summer of 2008 and are available as a CD for \$5 each to cover production (plus shipping and sales tax) or FREE 24/7 online viewing on the Family To Family website (<http://www.inf2f.org/F2Fresources2.htm>).

### The five sessions include:

**An Introduction to Special Education.** Designed to help answer common questions parent and family members have about special education including the case conference and IEP.

**Turning 3-Ready, Set, Transition.** Assists parents in understanding the process involved in moving from First steps to public school preschool, and other community program opportunities for young children.

**Locating and Navigating Community Resources** and **Medicaid Waivers: What you need to know.** Both of these information sessions help families understand the multitude of resources available for their child and family. The Medicaid Waiver session focuses on accessing financial support for children with special needs.

**Behavior as Communication: What is my child saying?** Families are often challenged with understanding why their child seems to have out of the ordinary behavior during different routines or during certain times of the day. This session helps families understand these behaviors and how to guide positive interaction skills.

### Using these sessions!

Each of the five learning opportunities is available as a web link on the [www.inf2f.org](http://www.inf2f.org) website or part of a CD that can be purchased. All sessions are less than an hour in length and contain the slides and notes for participant access. The format allows the reader to move around the presentation, advance or go back to specific slides to reflect on the presenter's words. A link to a short survey (less than 5 minutes!) will guide future topics and direction.

### To order a CD

It's easy to order online at

<https://www.iidc.indiana.edu/estore>  
Click on **early childhood**

Or, enter **Family to Family** in the Search box.
