

CHOICE

Community and Home Options to Institutional Care for the Elderly and Disabled

CHOICE

CHOICE is a state-funded program administered by the Division of Aging that provides eligible individuals support services in their homes and communities. CHOICE clients work with a case manager to develop a plan of care that contains the services needed to keep the individual out of a nursing facility. Children who have disabilities may be eligible for CHOICE.

Services Provided:

Services available include: Case Management, Adult Day Services, Attendant Care, Home Health Aide, Homemaker, Environmental Modifications, Vehicle Modifications, Personal Emergency Response System, Respite, Skilled Nursing, Specialized Medical Equipment, Transportation, and more.

Please note that CHOICE does not provide comprehensive healthcare coverage or automatic enrollment in Medicaid or other programs. Additionally, CHOICE funds may not be used if other funding such as Medicare or Medicaid is available to meet the individual's needs.

Financial Eligibility:

The CHOICE program does not exclude recipients based upon income limits; however, there is a cost-share provision. Individuals who are at or above a specific income are required to pay for a portion of the services receive.

Individuals may not have assets that exceed \$250,000. In determining assets, an additional \$20,000 in countable assets will be excluded from the total. Certain medical expenses may not be counted in the income or asset calculations.

Disability Eligibility:

Eligibility for the CHOICE program requires that an individual be at least 60 years of age or have a disability. Individuals must also be found to be at risk of losing their independence. This is measured by impairments impacting activities of daily living (ADL's). ADL's may include eating, transferring, changing clothes, bathing, managing bowel and bladder functioning, walking, medications set-ups, among others.

Availability:

The CHOICE program is available in each of Indiana's 92 counties. Administration is done regionally by the local Area Agency on Aging (AAA) and waiting lists will vary throughout the state.

Apply for CHOICE
