SCHOOL CARE TEAM

proactive strategies for well-being

We envision schools where connection, community, and hope are the norm for everyone.

Organization Growth

During the 2025-26 fiscal year, the team reached more individuals than ever before.

The School Care Team continues to expand and strengthen long-term partnerships with school districts and organizations to further our mission across our Indiana footprint.

Why it Matters

With alarming increases in teen suicide rates and mental health challenges, programs that build resilience and promote help-seeking are more vital than ever.

Every element of our work is designed to foster resilience, encourage connection, and equip young people with the tools they need to navigate life's challenges with strength and support.

Our Growth Across Indiana

This school year we broadened our service territory in response to immediate needs and requests of administrators and districts across the state. **During the 2025-2026 school year, we served the following counties:**

Adams	Elkhart	Jasper	Noble
Allen	Fulton	Johnson	St. Joseph
Boone	Grant	Kosciusko	Steuben
Decatur	Hamilton	Lagrange	Vigo
DeKalb	Hendricks	Madison	Wells
Delaware	Huntington	Marion	Whitley
		Monroe	

2025-26 SCHOOL YEAR IMPACT

31,049

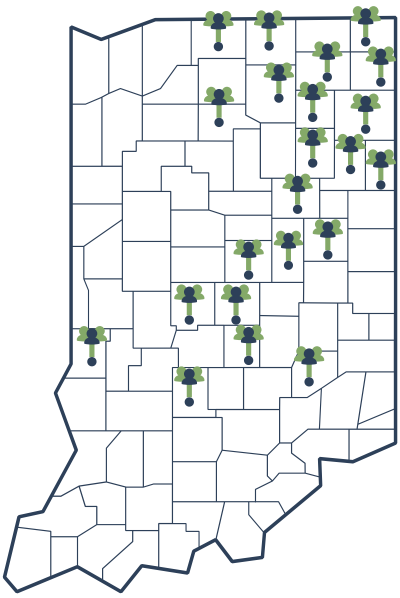
Unduplicated Students Served

6,573

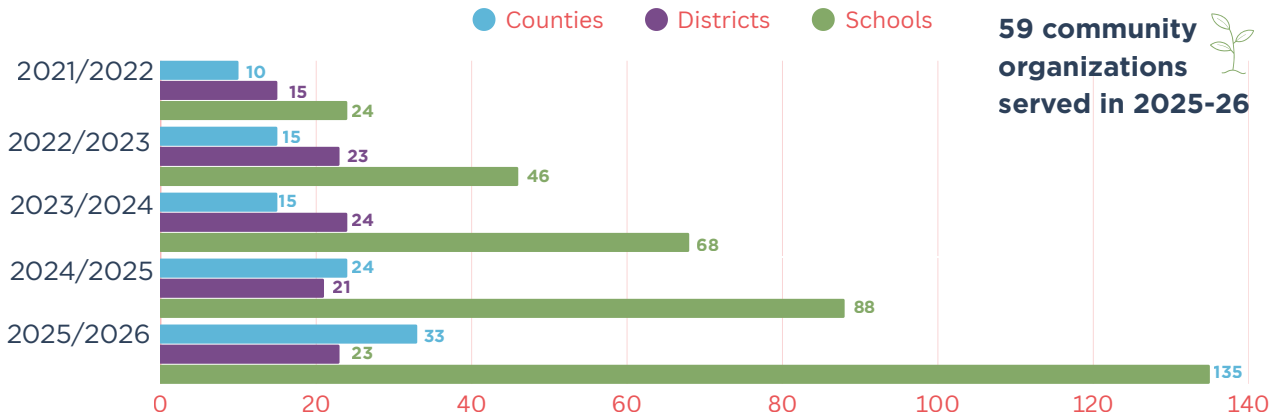
Unduplicated adults (teachers, youth workers, community members) served

132

Schools in Indiana



Organizational Growth by Year



59 community organizations served in 2025-26

MEANINGFUL CHANGE THROUGH PARTNERSHIPS

Meaningful change is only possible through partnership. The School Care Team is grateful to the school districts, foundations, community organizations, state agencies, healthcare partners, businesses, universities, libraries, volunteers, families, and individuals who have supported this work.

Each partner has helped build the conditions where hope can grow. Some opened doors to schools and families. Some provided funding that made programming possible. Some offered expertise, space, volunteers, referrals, encouragement, and trust. Some believed in the vision before the path was fully clear.

Together, we are building more than programs. We are building shared responsibility for the well-being of young people, a culture where students are supported, adults are equipped, and communities understand that hope, belonging, connection, and purpose belong to all of us.

BOARD OF DIRECTORS
